**MINISTRY OF FOOD AND AGRICULTURE**

(Department of Agriculture)

*New Delhi, the 11th March 1964*

**S.O. 936.**—The following draft of the Palmyra Fibre Grading and Marking Rules, 1964 which the Central Government proposes to make, in exercise of the powers conferred by section 3 of the Agricultural Produce (Grading and Marking) Act, 1937 (1 of 1937), is published as required by the said section for the information of all persons likely to be affected thereby and notice is hereby given that the said draft will be taken into consideration on or after the 1st April, 1964.

Any objection or suggestion, which may be received from any person with respect to the said draft before the date specified, will be considered by the Central Government.

### PALMYRA FIBRE GRADING AND MARKING RULES, 1964

**1. Short Title and Application.**—(i) These rules may be called the Palmyra Fibre (Grading and Marking) Rules, 1964.

(ii) They shall apply to palmyra fibre obtained from palms (*Borassus umbraculifera*, Linn.) produced in India.

**2. Definitions.**—In these rules—

(i) 'Agricultural Marketing Adviser' means the Agricultural Marketing Adviser to the Government of India.

(ii) 'Schedule' means a schedule appended to these rules.

**3. Grade Designations.**—Grade designations to indicate the quality of palmyra fibre shall be as set out in column 1 of Schedules II and III to these rules.

**4. Definition of Quality.**—The quality indicated by the respective grade designations shall be as set out against each grade designation in columns 2 to 5 of Schedules II and III.

**5. Grade Designation Marks.**—The grade designation mark shall consist of a label specifying the grade designation and bearing a design (consisting of an outline map of India with the word 'AGMARK' and the figure of the rising sun, with the words 'Produce of India' and 'भारतीय उत्पाद') resembling the one as set out in Schedule I.

**6. Method of Marking.**—(i) The grade designation mark shall be securely affixed to each package in a manner approved by the Agricultural Marketing Adviser and shall clearly show the following particulars, namely:—

(a) Grade designation.

(b) Trade description.

(c) Year of harvest.

(d) Date of Packing.

(ii) An authorised packer may after obtaining the prior approval of the Agricultural Marketing Adviser, mark his private trade mark on the package, in a manner approved by the said Officer, provided that the private trade mark does not represent quality or grade of palmyra fibre different from that indicated by the grade designation mark affixed to the package in accordance with these rules.

**7. Method of Packing.**—(i) Palmyra fibre shall be packed in bales or ballots of such weights as may be approved by the Agricultural Marketing Adviser.

(ii) Each package shall contain fibre of one grade designation only.

(iii) Each package shall contain fibres of only one length or an assortment of not more than three lengths in equal proportions when required.

(iv) Only sound, clean and dry packing material such as may be approved by the Agricultural Marketing Adviser shall be used for packing of palmyra fibre.

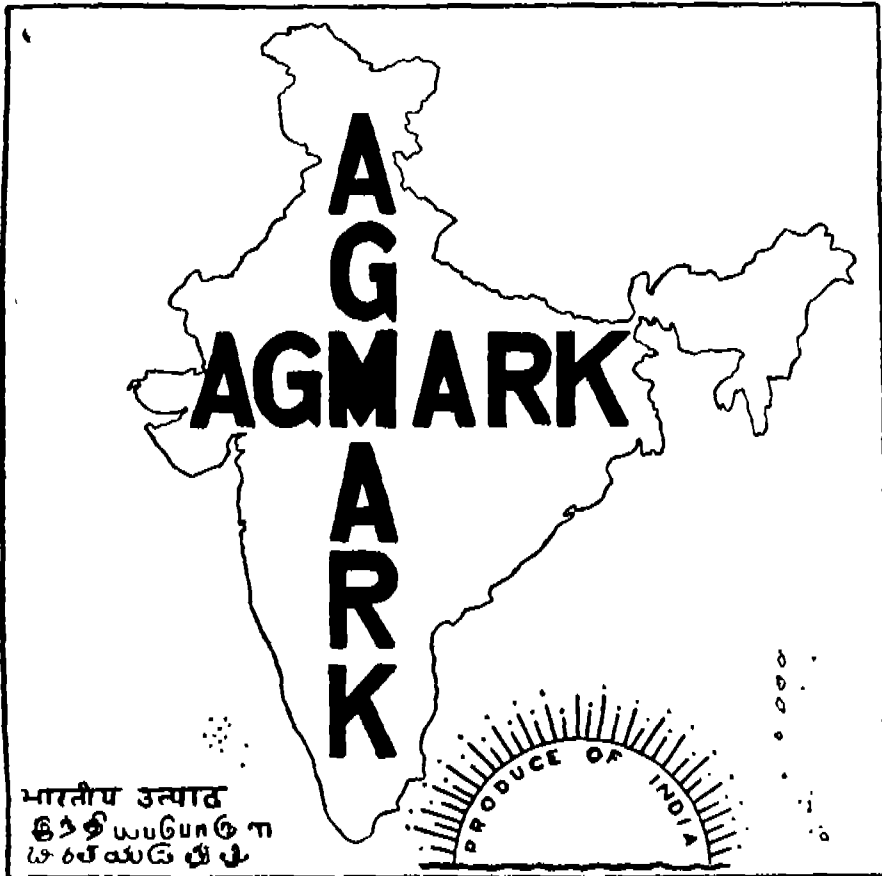

**8. Special Conditions of Certificate of Authorisation.**—In addition to the conditions specified in rule 4 of the General Grading and Marking Rules, 1937, the following special condition shall be observed by the packers to the satisfaction of the Agricultural Marketing Adviser, namely—

An authorised packer shall provide all facilities to the Inspecting Officer duly authorised by the Agricultural Marketing Adviser in this behalf for sampling, testing and such other matters as may be necessary.

Bombay, the 9th March 1964

#### AWARD

The Central Government by the Ministry of Labour & Employment's order No. 22/14/63-LR.II dated 26th April 1963, made in exercise of the powers conferred by Sub-clause (d) of Sub-Section 1 of the Section 10 of the Industrial Disputes Act, 1947, (XIV of 1947) was pleased to refer the industrial dispute between the parties above named in respect of the subject matters specified in the following Schedule to the said order, to me for adjudication.

#### SCHEDULE

“Whether the stoppage of work in the Barari Lime Stone Quarry of M/s. Gupta Lime Works, Katni, with effect from 23rd March, 1963 amounted to a lockout?. If so, to what relief are the workmen affected entitled?”

2. I may say that by an earlier order No. 22/40/62-LR.II, dated 16th March 1963, the Government was pleased to refer another industrial dispute between the parties above named to me for adjudication, the subject matter of which was “whether the management of Barari Lime Stone Quarry of Messrs Gupta Lime

Works, Katni were justified in asking Sarvashri Pardashi, Lime Stone Checker and Prahlad Bhagat Tripathi, Quarry Munshi, to work as truck conductor and Store Keeper respectively? If not, what relief are the workmen entitled to?" This reference has been numbered as Reference No. C.G.I.T. 8 of 1963 on the file of this Tribunal.

3. By another order No. 22/14/63-LR.II, dated 26th April 1963, the Central Government was pleased to refer another industrial dispute between the parties above named as to whether the dismissal of the 8 workmen named therein was justified and if not, to what relief were they entitled. That reference bears No. C.G.I.T. 16 of 1963 on the file of this Tribunal.

4. In this reference, the Choona Mazdoor Congress (hereinafter referred to as the 'Union') representing the workmen has filed a written statement dated 11th May, 1963, in which it has stated that it is the representative and recognised Union of the workers employed at the Barari Lime Stone Quarry of Messrs Gupta Lime Works, Katni, that upto December 1962 lime stone used to be transported to the kiln belonging to the management by a truck manned by departmental labour i.e. those directly employed by the management; that in November 1962, the Management decided to do away with the departmental labour and give the work of loading the truck with the lime stone to a contractor, under which scheme, the departmental workers were to be replaced by contractor workers and that this was objected to by the Union and its workers; that the Indian Labour Conference had already accepted the principle of abolition of contract system and this had been adopted by the Industrial Committee on Mines other than coal, in its last session and, therefore, it was improper for the management to introduce the contract system; that the management did not accept this and insisted that the Union and the workers should accept the introduction of the contract system; that therefore the Management picked up 8 workmen, being the workmen referred to in reference No. 16 of 1963; and dismissed them for opposing the introduction of the contract system with effect from 23rd March 1963; that the Union insisted that the trucks should be manned by the departmental labour as before and that the management insisted that the Union must accept the contract system and with a view to coerce the workers they declared a lockout from March 23, 1963 and thereby caused unemployment to 120 workmen employed departmentally and 800 through contractors. The Union in its written statement has stated that the workers attended their work on 23rd March 1963 in the morning at about 8.00 A.M. but the Manager, Shri Komal Chand Jain, informed the workers that the Management had decided to declare a lock-out from that day. The workers and the Union officials requested the Manager to follow the procedure prescribed by law and give sufficient notice in writing. According to the Union, not only was this legitimate request of the workers turned down by the Manager, but he was guilty of other mis-behaviours which were reported to the local police authorities; that the Regional Labour Commissioner, Jabalpur(C), was informed on 23rd March 1963, of the lock-out by a telegram. The Union has stated in its written statement, that the lock-out was in violation of the Code of Discipline applicable to the industry, and that the conciliation proceedings in respect of this dispute were held by the Conciliation Officer, (C) at Jabalpur on 2nd April 1963. The management, however, did not attend the conciliation and the Government of India made this reference on the failure report of the Conciliation Officer. The Union has, therefore, prayed that on these facts and circumstances, the stoppage of work in the Barari Lime & Stone Quarry with effect from 23rd March 1963 amounted to an unjustified lock-out and the workmen had been rendered idle for no fault of their own. The workers were willing to resume work, but the opportunities were denied by the management to do so. The Union has, therefore, claimed that the workmen should be paid full wages and benefits for the entire period of their idleness.

5. The Union in paragraph 9 of its written statement had stated that the workers were willing to join duty, pending adjudication, provided the management agreed to lift the lock-out.

6. A copy of the failure report of the Conciliation Officer, (c), Jabalpur, dated 5th April 1963, has been forwarded to me by the Government along with the order of reference herein. To the written statement of the Union, the employer Company has filed no reply nor has it chosen to file any written statement at all in spite of notice from this Tribunal. But on the last date, when the dispute was taken up for hearing at Jabalpur on 21st February 1964, Shri Lele, Advocate appearing for the employers stated that he wanted to file a written statement, but Shri Gulab Gupta, Advocate for the workmen objected. As the management had not complied with the provisions of the Rules under the Industrial Disputes Act, in respect of filing its written statement within the prescribed time, and had failed to do so in spite of notice from the Tribunal, I refused permission to it to file its written statement on the very last date of hearing.

7. It is, in my opinion, material to state that during the pendency of this dispute by an arbitration agreement signed at Jabalpur on 23rd August 1963, the parties above named agreed to refer the seven issues mentioned in the arbitration agreement to the arbitration of Shri I. B. Sanyal, Regional Labour Commissioner (Central), Jabalpur, under the provisions of Part II(iv) of the Code of Discipline in Industry. Item No. II of the seven matters referred to the arbitration of Shri Sanyal was as follows:—

“Whether the stoppage of work in the Barari Lime Stone Quarry with effect from 23rd March, 1963 amounts to a Lock-out. If so, to what relief the workmen affected are entitled.”

I may state that Shri Lele, Advocate, admitted that such an arbitration agreement was entered into and a copy thereof tendered by the Union has been taken on the file of this reference (Ex. W.I.A).

8. On the same day i.e. on 23rd August 1963, a conciliation settlement was also reached through the efforts of Shri I. B. Sanyal, Regional Labour Commission (Central), Jabalpur, by which upon the arbitration agreement having been signed, it was agreed that all workers would report for duty immediately, but not later than 26th August 1963 and all arrangements would be made by the management to enable the workers to resume work. (Ex. W.2A). Thus, that cessation of work which had commenced on 23rd March 1963 came to an end as a result of this agreement on 26th August 1963. It seems that thereafter the Arbitrator Shri Sanyal heard the parties on several days and on 13th December 1963 published his award, copies of which he furnished to both the parties and also submitted to the Government. In that award on issue No. 2 relating to the stoppage of work, the learned Arbitrator observed and directed as follows:—

“Issue No. (ii): Considering all the facts of the case on record it leaves no doubt in my mind that the stoppage of work in the Barari Lime Stone Quarry of M/s. Gupta Lime Works with effect from 23rd March 1963 was brought about by the management's refusal to start work on the plea that one of the supervisors had been manhandled by the workers. I feel this action of the management was nothing else than a case of lock-out which was resorted to teach the workers a lesson for their erring and indisciplined behaviour. The workers' behaviour no doubt was reprehensible, but that did not necessitate the locking out of all the workers. Normally, in such a case of lockout payment of full wages for the period of lockout is directed to be made by the Tribunals. However, considering the conditions of the industry and the circumstances under which this lockout was resorted to by the management. I feel it would not be unreasonable if the management is directed to pay a reasonable if the management is directed to pay a reasonable compensation equivalent to at least lay-off wages to the workers affected by such a lockout. I, therefore, direct that an amount of Rs. 4,200 (Rupees four thousand and two hundred only) be paid to the General Secretary, Choona Mazdoor Congress, Sham Dham, Kymore, by 31st March, 1964, to enable him to disburse the amount to the entitled workers.”

9. I may state that Shri Gulab Gupta stated that of the seven subject matters which had been referred to the arbitration of Shri Sanyal, only on three demands had been given his Award in favour of the workmen and on the remaining four matters the award was more in favour of the management than the workers. The management, however, has not accepted the Award or acted on it mainly on the ground that it was not given a fair hearing and proper opportunity to place its case before the Arbitrator. Be that as it may, thereupon the dispute was taken up for hearing by me on 20th February 1964 at Jabalpur. At the hearing, the Union examined Shri Ram Krishna Sharma, the General Secretary, of the Choona Mazdoor Congress (W.W.I.), who stated that the Union had membership among the workers working in the Barari Lime Stone Quarry belonging to Messrs Gupta Lime Works, Katni. He has referred to the settlement, dated 14th July 1962, which had been reached between the Union and the Gupta Lime Works, relating to payment of overtime wages leave wages and some other matters. The witness stated that this agreement was not implemented by the employer and he had reported non-implementation to the Regional Labour Commission (C), Jabalpur, who carried out negotiations for settlement, but did not succeed in bringing about a settlement. Witness further stated that in that agreement there was a provision that when there was no work for the trolley men, they would be given alternative employment, but on the wages of trolley men and that in order to avoid implementation of this provision, the employers wanted to do away with the trolley men and employ a contractor for the transportation

of lime stone from the Barari quarry to the railway and work siding. According to the witness as the truck was owned by the Company, the workers and the Union objected to the use of the truck. This was in the month of November 1962, and Company had reported the matter to the Regional Labour Commissioner, (C), Jabalpur, and it has admitted that the Conciliation Officer (C) held a meeting of the representatives of the Union and the Management on 7th December 1962 at Katni. The Union has filed a copy of the minutes of the discussions which took place on that date which had been forwarded to the witness by the Conciliation Officer, Shri T. R. Malhotra, by his letter dated 23rd January 1963 (Ex. W.1 and Ex. W.2). No settlement could be reached during the talks held on 7th December 1962 and the management insisted on the introduction of the contract system for transportation of lime stone from the quarry to its lime works by truck. According to the Union, the workers objected to this and held meeting and demonstrations in protest. Thereupon the management dismissed 8 workers, whose dismissal is the subject matter of reference No. 16 of 1963, before this Tribunal. According to the Union this 8 workmen were dismissed because they were active trade union workers. According to the witness these workmen were dismissed on 23rd March, 1963 and the management stopped work in the Barari Lime Stone Quarry from the next day i.e. 23rd March 1963, Shri Sharma (W.W.1) has stated that Shri Komal Chand Jain, who was then working as the Manager of the Lime Stone Quarry, had told this to him and the workers. Witness stated that he had advised Shri Komal Chand Jain to follow the proper procedure before closing the quarry and he had by telegram reported the matter to the Regional Labour Commissioner (C), Jabalpur and on his request, the Conciliation Officer, Jabalpur Shri Malhotra, held conciliation proceedings at Katni on 2nd April 1963, but the Management did not attend that meeting. Witness produced the failure report of the Conciliation Officer of 5th April, 1963, a copy of the letter, dated 29th March/1st April 1963 from the Manager, Gupta Lime Works, addressed to the Regional Labour Commissioner (C), Jabalpur and copy to the Conciliation Officer (C) Jabalpur (Ex. W.3 and W.4). He also produced a copy of telegram dated 23rd March 1963 which he had sent to the Regional Labour Commissioner (C) Jabalpur (Ex. W.5). The witness also produced copy of letter, dated 25th March 1963 addressed to the Regional Labour Commissioner (C) Jabalpur (Ex. W.6). The witness has stated that as a result of conciliation agreement of 23rd August 1963, (Ex. W.2A) the management had re-started work in the quarry on 26th August 1963. He stated that the lock-out lasted for 5 months and 3 days from 23rd March, 1963 to 25th August 1963, during which period 120 departmental workmen as also 800 contractor's workmen had been locked out by the management. The witness has stated that as the Union was a party to the arbitration agreement, dated 23rd August 1963, they were prepared to abide by the Award of Shri Sanyal, but the management has refused to abide by it. He, therefore, claimed that all the 120 departmental workmen should be paid their full wages for the period of the strike.

10. This witness was subjected to a searching cross-examination by Shri Lele, Advocate for the employers. In his cross-examination, the witness stated that the employers of the workmen at the Barari Quarry are the proprietors of the Gupta Lime Works and Sarvashri Santosh Kumar and Arun Kumar Gupta are the sons of the late Shri K. L. Gupta who was the proprietor of the Gupta Lime Works, who were now also the joint proprietors of the Gupta Lime Works. He has denied that Smt. Rykmanibai Gupta, widow of Shri K. L. Gupta is the sole owner of Barari Lime and Stone Quarry. In cross-examination he stated that though he was not in the quarry on 22nd March 1963, he was there on 23rd March, 1963 when the lock-out was declared and he has state that he had seen Shri Komal Chand Jain at Barari Quarry on 23rd March 1963. He denied that Shri Komal Chand Jain had been assaulted by the workmen on 23rd March 1963, and he did not know whether 10 of the workmen were under prosecution in the Court of the Magistrate Second Class at Katni in respect of that incident. As regards the application filed by the employers under the Madhya Pradesh Industrial Relations Act, in the Labour Court at Jabalpur for declaration of an illegal strike in the lime works, the witness stated that he did not know the date when the application was filed. In his cross examination, he adhered to the story that the trolley men were manned by departmental workers and he has denied that the bullock carts were used for transportation from the quarry to the Kilns. He stated that not four, but eleven trolleys were used by the employers and he stated that 33 workers were employed thereon to transport the lime stone from the quarry to the lime works. He denied that the workers had restrained the truck and said that they were merely shouting slogans and demonstrating. He denied any knowledge of the workmen having lay down before the trucks and prevented its operation. He denied that the workmen had gone on strike as a result of the dismissal of the 8 workmen. He admitted having received a letter, dated 23rd March 1963 addressed by Shri Malhotra, Conciliation Officer, to the

General Secretary of the Union (Ex. E.1). He denied that there were separate teams of workers for the lime kilns at the Barari quarry. He said that the management had been carrying out mining operations at the Barari Quarry not only through the contractors, but also through the departmental workers. He further stated that when the quarry was not working the workers were employed at the Kilns. He admitted that the quarry works for 9 months and remains closed during the rainy season and he stated that during that time the workers at the quarry, had to do miscellaneous work or were employed in the Kilns. He denied that Barari Quarry works only for 5 or 6 months in the year and remains closed for the rest of the period.

11. Shri Lele, Advocate for the employers led the evidence of Shri Laxmi Prasad Chobe, (E.W.1) who stated that he was the agent appointed by Smt. Rukhmanibai Gupta and he held a power of attorney from her to attend to her business. He stated that the lease of Barari Quarry was in the name of Smt. Rukhmanibai Gupta and that the lease was for lime stone for burning purposes. That the lime works functions in the name of Gupta Lime Works. He stated that there were stoppage of work at the Barari Lime Works and that the trouble arose over the dismissal of 8 workmen. He said that these workmen were dismissed after a proper enquiry. He admitted that he himself had not gone to the quarry at Barari on 22nd or 23rd March 1963, but he said that he had sent Shri Komal Chand Jain from Katni to Barari for payment of wages to the workers, whom the workmen had assaulted because they held him responsible for the dismissal of the 8 workmen. He said that the workmen had refused to work unless the eight workers were re-instated. He deposed to the management having filed an application before the Labour Court at Jabalpur under the Madhya Pradesh Industrial Relations Act for declaration of an illegal strike and he tendered a copy of that application. In cross-examination by Shri Gulab Gupta, Advocate for the Union, he admitted that the application which he had filed in the Labour Court was in respect of workmen employed at the lime works and not at the quarry. He, however, added that the quarry had been closed down a month prior to 23rd March 1963 and that the quarry was worked through the contractors. He stated that he was the Agent of Smt. Rukhmanibhai, the widow of Shri K. L. Gupta, both for the lime works and the Barari Lime Quarry. According to him the proprietor of the Lime Works was Smt. Rukhmanibai.

13. I find it extremely difficult to accept this story of this witness (E.W.-1) that Smt. Rukhmanibai, alone is the owner of the Barari Quarry. Evidently the lease of the quarry is in her name, but that does not make her sole proprietor of the quarry, which was owned by her husband. Her two sons, Santosh Kumar and Arun Kumar had filed appearances in these proceedings as proprietors of Gupta Lime Works and Shri Santosh Kumar Gupta had also signed the arbitration agreement in favour of Shri Sanyal, as representing the Employers. In the title to the Arbitration Agreement (Ex. W.1A) Shri Santosh Kumar Gupta was stated to be "the representative of M/s. Gupta Lime Works, Owners of Barari Lime Stone Quarry" and he has also been described as such in the Memorandum of Settlement, dated 23rd August 1963 (Ex. W.2A). In the recital to the terms of settlement also the opening sentence is "the stoppage of work in the Barari Lime and Stone Quarry of M/s. Gupta Lime Works has been continuing since 23rd March 1963". These terms of settlement have been signed by Shri Santosh Kumar Gupta. All these statements clearly show that the Barari Lime Stone Quarry belonged to M/s. Gupta Lime Works. It appears to me that Smt. Rukhmanibai and her two sons are the Employers in respect of both the Gupta Lime Works and the Barari Lime Stone Quarry and that the Barari Quarry is worked and conducted by the Gupta Lime Works and that the story that Rukhmanibai alone is the proprietor and owner of the Barari Quarry is in my opinion put forward as an after thought in order to defeat the claim of the workmen. In my opinion, the facts of this case can easily be distinguished from the facts of the case reported in (AIR, Mysore page 206) Printers (Mysore) Private Limited Vs. Pothen Joseph, relied upon by Shri Lele. The Company's witness (E.W.1) has evidently come to support this technical contention. He is, in my opinion, a thoroughly unreliable witness. He did not impress me as a truthful witness. He does not know anything about the working of the quarry and the answers he gave with regard to the record which a quarry is required to maintain under the Indian Mines Act and its Rules and Regulations clearly show that he is prepared to say anything. He was not present at the Barari Lime Stone Quarry or at the Gupta Lime Works on 22nd and 23rd March 1963 and had no personal knowledge of the events on that day. My finding is that the Barari Quarry also owned and managed by the Gupta Lime Works is supported by the following statements made in the written statement in Reference No. 8 of 1963, which has been signed by Rukhmanibai. In para 1(c) at page 2 of the written statement referring to

Prahlad Bhagat Tripathi one of the workman concerned in that dispute, it has been stated:—

“.....the said Prahlad Bhagat Tripathi was doing alternative job in the Management's quarry at Barari. But his original appointment was at the factory of the management.”

In para 1(d) also the Lime Stone Quarry has been referred to as “the Lime Stone Quarry of the Management.” In para. 2(a) referring to Pardeshi (one of the two workmen referred to in order of reference) it was stated that, “he was at no time employed at the mine of the management.” From these statements it is quite clear that both the Lime Works and the Barari Quarry are worked and managed by the Gupta Lime Works, who are the employers also for the Barari Lime Quarry in respect of atleast the departmental workers. I, therefore, hold that the order of reference when it says that the dispute is between the “employers in relation to the Gupta Lime Works” describes employers in relation to the Barari Lime Stone Quarry. In respect of the Lime Stone Quarry the Central Government is the appropriate Government under the provisions of section 2(a) of the Industrial Disputes Act, 1947. The dispute is with regard to the lockout at the Lime Stone Quarry for which industry the Appropriate Government is the Central Government and hence this reference is valid. In fact, the documentary evidence on record makes it abundantly clear that the Gupta Lime Works, in respect of the Barari Lime Stone Quarry, had gone for conciliation before the Conciliation Officer of the Central Government at Jabalpur.

14. From the oral and documentary evidence on record, I am satisfied that there was a cessation of work at the Barari Quarry from 23rd March, 1963. The cessation was resorted to by the employers and had amounted to a lock-out as defined in Section 2(1) of the Industrial Disputes Act, 1947. That definition is as follows:—

“(1) ‘Lock-out’ means the closing of a place of employment or the suspension of work, or the refusal by an employer to continue to employ any number of persons employed by him.”

No doubt the workmen's behaviour was not satisfactory in some respects, but that in my opinion did not justify the employers to declare a lock-out or to continue the lock-out for a long period of 5 months and 2 days. From the evidence both oral and documentary which I have stated at length earlier, I am satisfied that this was not a case of a strike, but a lock-out. The Management desiring to carry out a change in the transportation of lime stone from its Quarry to its lime works, which was resisted by the workmen. Whilst the Union's witness (W.W.1) has given evidence from personal knowledge of the events that took place on 23rd March 1963 and which are supported in material respects by the documents on record. The witness of the Management was not present at the Barari Quarry or Lime Works on 22nd or 23rd March 1963 and had no personal knowledge of the events of these days. The Company's Manager, Shri Komal Chand Jain, who was present there and played a leading role has not been called as a witness. I must, therefore, decide the case on the evidence on record from which it is quite clear that it was the Management who stopped work at the quarry. I, therefore, hold on the first issue that the stoppage of work in the Barari Lime and Stone Quarry of M/s. Gupta Lime and Stone Works, Katni, with effect from 23rd March 1963 has amounted to a lock-out.

15. The next question is what relief the workmen are entitled to? According to the Union, the workmen affected by the lock-out and covered by this reference are the 120 departmental workmen and Shri Gulab Gupta has restricted the claim in this reference to those 120 departmental workmen. I think that in the facts and circumstances of the case and the fact that the lock-out was not justified, what the arbitrator had suggested should be paid by the Company, seems to be a reasonable amount of compensation to award to these 120 workmen. No doubt the 120 workmen have not been specified. But that would be a matter to be looked into when the award has to be implemented. I would, therefore, say that it would be fair to award Rs. 4,200. I, therefore, award that Rs. 4,200 be paid as compensation to the 120 departmental workmen concerned in the lock-out and I award accordingly.

16. I think this is a fit case where cost should be awarded in favour of the workmen and I award Rs. 100 in favour of the Union.

Sd./- SALIM M. MERCHANT,

Presiding Officer.

## ANNEXURE 'B'

Memorandum of Agreement between Messrs. Tata Iron & Steel Co. Ltd., and their workmen represented by Colliery Mazdoor Sangh in respect of Jamadoba, 6 and 7 Pits, Digwadih, Malkera-Choitudih, Sijua and Bhejatand Collieries and Jamadoba Power House and Washing Plant.

*Short Recital of the Dispute*

1. The Management notified as per their letter No. JMB/271/12165, dated 10th/11th September 1963 that due to acute shortage of power they would be able to run the different collieries/departments only as per the schedule given in the above letter and marked Annexure 'A' to this memorandum. The new rest day and working day was clearly set out in the schedule.

2. Prior to the issue of the notice consultation had taken place between the representatives of the Management and the Union on 12th and 14th instant. The Union representatives had appreciated the situation and extended their co-operation. These consultation were held on 10th and 11th and the new schedule of work was to come into force with effect from 15th September 1963.

3. On 14th September 1963 the Management was informed by the Secretary, Colliery Mazdoor Sangh that the workers would not work on the new schedule unless they were paid  $1\frac{1}{2}$  times for working on Sunday i.e. 15th September 1963 which was the normal working day, in addition to  $1\frac{1}{2}$  also for working on the substituted rest day, under the new schedule.

4. The Management impressed upon the Union representatives not to press for the above but to work as per the schedule and also conveyed their inability to accede  $1\frac{1}{2}$  times for the new day of rest in place of Sunday. The Union, however, was not agreeable to advise the workers to work on Sunday unless they were assured of extra wages for Sunday work as also for the work if done on the day of rest under the new schedule.

5. As a result the Sijua Group of Collieries did not work and there was serious loss of production. In the Jamadoba Group of Collieries, Jamadoba and 6 and 7 Pits Collieries worked normally after initial difficulties and Digwadih Colliery observed rest as per the new schedule. The Washing Plant also worked normally on Sunday.

6. To resolve the situation the matter was discussed on 16th September 1963 between the representatives of the management and the Union and also on 19th September 1963 and it was finally agreed as follows:—

#### *Terms of Agreement*

1. The Management agreed not to enforce the new schedule of work at the Sijua Group of Collieries with effect from 15th September 1963. In other words, Sunday, the 15th September was to be treated as the normal rest day and the workers were to be allowed to work on all the week days as usual.
2. The Union agreed that the workers in the Sijua Group of Collieries would work according to the new schedule with effect from 22nd September 1963 i.e. they would work on Sundays and take rest as set out in the schedule.
3. It was agreed that the Jamadoba Colliery, Jamadoba Washing Plant and Jamadoba Power House shall continue to work on the new schedule as they had done on 15th September 1963.
4. It was further agreed that the issue set out in schedule below be referred for joint decision to Sri Kanti Mehta and Sri R. H. Mody.
5. It was agreed that in case Sri Kanti Mehta and Sri R. H. Mody fail to reach a settlement they shall refer the issue to an arbitrator under Section 10(A) of the I.D. Act.
6. That the decision of Sri Mehta and Sri Mody or in case they take action as per item No. 5, the decision of the Arbitrator shall be final and binding on both the parties.

#### **SCHEDULE**

Whether the demand of the workmen for payment @  $1\frac{1}{2}$  times for Sunday work as well as for work on the new days of rest arising out of the power shortage and consequent staggering of the rest day in the collieries and Washing Plant of Messrs. Tata Iron & Steel Co. Ltd., is justified. If so what relief the workmen are entitled to?

#### **ANNEXURE 'A'**

#### **NOTICE**

Notice is hereby given that due to shortage of power the working of our collieries will be on the following schedule commencing with effect from 21st

September 1963. This schedule of work is likely to be in force for a period of six weeks to begin with and may extended if required by circumstances. The schedule of work is enumerated below:

I Colliery	II Working days	III Rest day
1. Digwadih	Monday to Saturday	Sunday
2. Jamadoba	Tuesday to Sunday	Monday
3. 6&7 Pits	Wednesday to Monday	Tuesday
4. Sijua	Thursday to Tuesday	Wednesday
5. Malkera-Chtd	Friday to Wednesday	Thursday
6. helataud	Saturday to Thursday	Friday
7. Coal Wash ng Plan	Sunday to Friday	Saturday

In the circumstances enumerated above it will be seen that the rest days of the workers which happens normally to be Sunday has been staggered. This has been essential to maintain production on available power.

It is to be noted that payment @ 1½ times where applicable will thus be made not for Sunday which now becomes a normal working day but on the days of rest mentioned in Column III above against each colliery. Special attention should be paid and effort made to see that the change over and calculation of the substituted rest days are made to be as smooth as possible.

#### ANNEXURE 'C'

As a result of discussion between the Representatives of the Management and the Colliery Mazdoor Sangh on 10th October 1963, the following decisions were arrived at:

**S.O. 980.**—The following draft of rules to amend the Coal Mines Pithead Bath Rules, 1959, which the Central Government proposes to make in exercise of the powers conferred by clause (e) and clause (f) of section 58 of the Mines Act, 1952 (35 of 1952) is published, as required by sub-section (1) of section 59 of the said Act, for the information of all persons likely to be affected thereby; and notice is hereby given that the said draft will be taken into consideration on or after the 1st July, 1964.

Any objections or suggestions which may be received from any person with respect to the said draft before the date so specified will be considered by the Central Government.

#### *Draft Amendment*

1. These rules may be called the Coal Mines Pit-head Bath (Amendment) Rules, 1964.

2. In the Coal Mines Pit-head Bath Rules, 1959 in rule 2 for sub-rule (a), the following sub-rule, shall be substituted namely:—

- “(i) “Category ‘A’ mine” means a coal mine at which the daily average of the number of persons attending work exceeds 100 but does not exceed 300 during the previous calendar year;
- (ii) “Category ‘B’ mine” means a coal mine at which the daily average of the number of persons attending work exceeds 300 but does not exceed 800 during the previous calendar year;
- (iii) “Category ‘C’ mine” means a coal mine at which the daily average of the number of persons attending work exceeds 800 but does not exceed 2,000 during the previous calendar year;
- (iv) “Category ‘D’ mine” means a coal mine at which the daily average of the number of persons attending work exceeds 2,000 during the previous calendar year.

*Explanation.*—The daily average of the number of persons attending work during any calendar year shall be calculated by dividing the total attendance of all workers during the year by the actual number of working day during the year and for this purpose, attendance of workers employed on such casual works as building construction, brick making, road making etc. and workers employed by contractor engaged for special types of works over a limited period shall not be taken into consideration provided their employment is shown separately in the relevant records."

## MINISTRY OF PETROLEUM AND CHEMICALS

New Delhi, the 9th March 1964

**S.O. 986.**—Whereas by a Notification of the Government of India in the Ministry of Mines and Fuel, S.O. No. 2046, dated 2nd August, 1963 under sub-section (1) of section 3 of the Petroleum Pipelines (Acquisition of Right of User in Land) Act, 1962 (50 of 1962), the Central Government declared its intention to acquire the right of user in the lands specified in the Schedule appended to that Notification for the purpose of laying pipelines;

And whereas the competent authority has, under sub-section (1) of section 6 of the said Act, submitted report to the Government;

And, whereas, the Central Government has, after considering the said report, decided to acquire the right of user in the lands specified in the Schedule appended to this Notification;

Now, therefore, in exercise of the powers conferred by sub-section (1) of section 6 of the said Act, the Central Government hereby declares that the right of user in the said lands specified in the Schedule appended to this Notification is hereby acquired for laying the pipelines and in exercise of the powers conferred by sub-section (4) of that section, the Central Government directs that the right of user in the said lands, shall, instead of vesting in the Central Government, vest on the date of the publication of this declaration in the Indian Refineries Limited free from all encumbrances.

**S.O. 990.**—Whereas it appears to the Central Government that it is necessary in the public interest that for the transport of petroleum between Barauni Refinery in Bihar State to the Haldia Port in Calcutta in West Bengal State, a pipeline should be laid by the Indian Refineries Limited and that for the purpose of laying such pipeline, it is necessary to acquire the right of user in land described in the Schedule annexed hereto;

2. Now, therefore, in exercise of the powers conferred by sub-section (1) of section 3 of the Petroleum Pipelines (Acquisition of Right of User in Land) Act, 1962 (50 of 1962), the Central Government hereby declares its intention to acquire the right of user therein.

3. Any person interested in the said land may, within 21 days from the date of this notification, object to the laying of the pipelines under the land to the Competent Authority—Special Land Acquisition Officer, C/o Indian Refineries Limited, P.O. Hathidah, District Patna. Every person making such an objection shall also state specifically whether he wishes to be heard in person or by a legal practitioner.

[No. 31 (47)/63-ONG-3.]

New Delhi, the 11th March 1964

S.O. 991.—Whereas by a notification of the Government of India in the Ministry of Petroleum & Chemicals, S.O. No. 220, dated 9th January, 1964 under sub-section (1) of section 3 of the Petroleum Pipelines (Acquisition of Right of User in Land) Act, 1962 (50 of 1962), the Central Government declared its intention

to acquire the right of user in the lands specified in the Schedule appended to that notification for the purpose of laying pipelines;

And whereas, the competent authority has, under sub-section (1) of section 6 of the said Act, submitted report to the Government;

And, whereas, the Central Government has, after considering the said report, decided to acquire the right of user in the lands specified in the Schedule appended to this notification;

Now, therefore, in exercise of the powers conferred by sub-section (1) of section 6 of the said Act, the Central Government hereby declares that the right of user in the said lands specified in the Schedule appended to this notification is hereby acquired for laying the pipelines and in exercise of the powers conferred by sub-section (4) of that section, the Central Government directs that the right of user in the said lands, shall, instead of vesting in the Central Government, vest on the date of the publication of this declaration in the Oil and Natural Gas Commission free from all encumbrances.
